

QUADRO PROVIDES UPDATE ON STAGHORN PROJECT DRILLING AND ISSUES NEW STOCK OPTIONS

Vancouver, B.C., May 7, 2025. Quadro Resources Ltd. ("Quadro" or the "Company") (TSXV: QRO; OTC Pink: QDROF; FSE: G4O) is pleased to report that its earn-in partner, TRU Precious Metals Corp. ("TRU") (see TRU's news release May 6, 2025) has commenced an approximate 1,800 meters of diamond drilling on Quadro's Staghorn claims located within TRU's Golden Rose Project, strategically located along the gold bearing Cape Ray-Valentine Lake Shear Zone in Central Newfoundland. The target area for this 2025 drilling program is focused upon a portion of the Staghorn claims, over which TRU has an option with QRO, specifically the Mark's Pond to Rich House exploration fairway (see TRU's news release April 3, 2025).

The Staghorn project encompasses approximately 33.25 km² of mineral claims, strategically situated along a 45 km strike length of the Cape Ray-Valentine Lake Shear Zone. This zone is known for hosting significant gold deposits and lies directly between Calibre Mining's Valentine Gold Mine and AuMEGA Metals' Cape Ray Shear Zone Gold Project. Mineralization hosted on adjacent and/or nearby properties is not necessarily indicative of mineralization hosted on the Company's property.

Under the terms of the option agreement with Quadro, TRU can earn up to a 65% interest in Quadro's Staghorn project.

T. Barry Coughlan, President and CEO of Quadro, commented: "We are encouraged by TRU's progress in advancing the Staghorn project. Their drilling program in the Mark's Pond to Rich House corridor is a significant step forward in exploring the potential of this highly prospective region. We look forward to the results and the continued collaboration between our teams."

Additionally, Quadro announces the issuance of 2,175,000 new stock options to directors, management, and consultants of the Company. The new options are exercisable at a price of \$0.07 per share and will expire on May 30, 2030.

Qualified Person

Wayne Reid, P. Geo., VP Exploration for Quadro and a qualified person as defined in National Instrument 43-101, is responsible for this release and supervised the preparation of the information forming the basis for this release.

About Quadro Resources – Quadro Resources Ltd. is a publicly traded mineral exploration company with approximately 28.5 million shares outstanding, listed on the TSX Venture Exchange under the ticker symbol "QRO." The Company is dedicated to advancing gold
